# Indiana Rural Health Association

.....

## Rural Health Clinic Member Benefits

"Rural health clinics comprise an integral part of health care delivery systems."

-National Association of Rural Health Clinics

## About IRHA

The mission of the Indiana Rural Health Association is to enhance the health and well-being of rural populations in Indiana through leadership, education, advocacy, collaboration, and resource development. One of the ways IRHA accomplishes this mission is to engage with and support Indiana RHCs.

## Rural Health Clinics

### Mock Surveys

Mock surveys are key to having a successful certification or recertification survey.

For RHCs owned by a hospital that is a member of the Indiana Statewide Rural Health Network (InSRHN), mock surveys are included in the InSRHN membership. RHCs that are not associated with an InSRHN hospital will be charged a small fee for travel-related expenses.

### RHC Opportunities

Members have access to IRHA's local, state, and national resources. Members are also given priority consideration for participation in grant opportunities.

## RHC Roundtable

RHCs owned by InSRHN member hospitals or are organizational members are welcome to join a bi-monthly virtual roundtable meeting. Roundtable meetings will consist of discussing barriers, potential solutions, and learning from RHC experts. These meetings will be informed by RHC staff to foster helpful discussion.

## RHC Advice

IRHA's RHC expert, Nicole Watkins, is available for any RHC-related questions. Watkins has also completed the Certified Rural Health Clinic Professional course from the National Association of Rural Health Clinics. Contact information can be found on the back panel to submit questions and feedback.
