**INDIANA  
Rural Opioid Consortium**

Prevention • Support • Recovery • Education

**PHASE 1**

The Indiana Rural Opioid Consortium (InROC) was established in October 2017 with partners across the state, working together to fight the opioid crisis in Indiana. InROC aims to reduce the morbidity and mortality associated with Opioid Use Disorder (OUD) in rural Indiana by primary prevention via screening and education, in addition to increasing access to addiction and behavioral health treatment.

\*THIS PRODUCT WAS SUPPORTED BY THE FEDERAL OFFICE OF RURAL HEALTH POLICY (FORHP), HEALTH RESOURCES AND SERVICES ADMINISTRATION (HRSA), U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES (HHS) UNDER GRANT NUMBER H1URH31443, UNDER THE RURAL HEALTH OPIOID PROGRAM FOR \$250,000. THE INFORMATION, CONCLUSIONS AND OPINIONS EXPRESSED IN THIS PRODUCT ARE THOSE OF THE AUTHORS AND NO ENDORSEMENT BY FORHP, HRSA, OR HHS IS INTENDED OR SHOULD BE INFERRED.

# OUR MISSION

The Mission of the Indiana Opioid Consortium is to promote and increase offerings of behavioral health services for individuals with Opioid Use Disorder in Indiana through comprehensive assessment OUD-specific care coordination, increased education and resources, dedicated treatment-- and lasting recovery.

## TARGET AREA

- Cass County
- Fayette County
- Harrison County
- Lawrence County
- Wayne County

## OUR PARTNERS

- Harrison County Hospital
- Indiana Rural Health Association
- Indiana Rural Schools Clinic Network
- IU Health Bedford Hospital
- Logansport Memorial Hospital
- Reid Health
- WhiteBark Health Academy

# OUR GOALS

InROC partners will establish the necessary infrastructure to develop a regional model for Opioid-Use Disorder (OUD) identification, treatment, and recovery services in rural areas and the communities they serve. They have set the following goals to achieve this:

**Goal 1:** To identify individuals at risk for overdose and engage them in recovery through education and treatment.

**Goal 2:** To educate community members and stakeholders on Opioid-Use Disorder (OUD), treatment options, methods for preparing for treatment, how to refer, and how to best support individuals in recovery.

**Goal 3:** To connect individuals with OUD to care coordination services at the healthcare system and within the social services community.

# MAKING A DIFFERENCE

COMMUNITY OUTREACH AND EDUCATION PROVIDED TO:

1715  
ADULTS

.....

196  
CHILDREN AND  
ADOLESCENTS

.....

22  
PROVIDERS

## "TEEN ROOM EXHIBIT"

Do you know where to look for hidden drugs and what to look for in your child's room? InROC has created an interactive experience to help you!
